

THE ISLANDS WINDOW EXHIBITS

NOT Within The Islands Guidelines

Stucco Flange/Retro Fit

Window frame extends over the stucco, with the window frame having the appearance of being attached to stucco.

NOT Within The Islands Guidelines

Block Frame Install / Retro Fit

Window frame extends beyond the stucco .

Window frames visibly protrude outside of the stucco.

Sealant bead around the window will typically also be visible.

Within The Islands Guidelines

Block Frame Install/Retro Fit With Stucco

Windows are inset and flush with the stucco with windows looking original to the home.

Stucco must be repaired and painted to match the existing color and texture of the home.
